

HOOHACKS

Sponsorship Packet

March 2027
University of Virginia

<Welcome!/>

Welcome to the 14th annual HooHacks, the premier hackathon at the University of Virginia. We are excited to host this event in-person once again and are looking forward to a strong partnership with you.

What is a hackathon?

A hackathon is a 24-hour coding competition where college students from all around the world come together for a weekend of learning programming skills, meeting people and developing a project.

To us, "hacking" is not stealing passwords or getting into peoples' bank accounts. Hacking, at its core, is about using technology to solve problems, whether that problem is designing an inexpensive concussion detection helmet, making educational videos more accessible, or just automating your Keurig to start coffee for you in the mornings. Our community strives to make the world a better place through learning, exploring, and building opportunities.

2026 Hackathon Statistics

760+ participants	**18** states
22+ sponsors & partners	**29%** women+*
220+ demoed projects	**46** different schools

2025 Hackathon Statistics

850+ participants	**68%** beginners
20+ sponsors & partners	**32%** female identifying*
150+ demoed projects	**70+** different schools

* The average MLH hackathon is 24%

We've got a favor to ask...

HooHacks is an incredible experience for students and sponsors alike. Students get the opportunity to develop new technical skills, build something they're passionate about, meet other students and companies, and learn from some of the industry's best (i.e. you!) Sponsors get a weekend to interact with and recruit the best and brightest, put your company name out there, test out your new API, get fresh eyes on a problem you've been facing, or simply just sit back and enjoy the creativity of student hackers.

The thing is, without sponsors like you, our hackathon would never move beyond the planning stage. So, we're asking if you'd consider supporting this year's Hackathon to ensure that we can continue inspiring students to create. Of course, this is a two-way street, so check out the benefits of sponsoring HooHacks on the next page.

Our Previous Sponsors

<Sponsorship/>

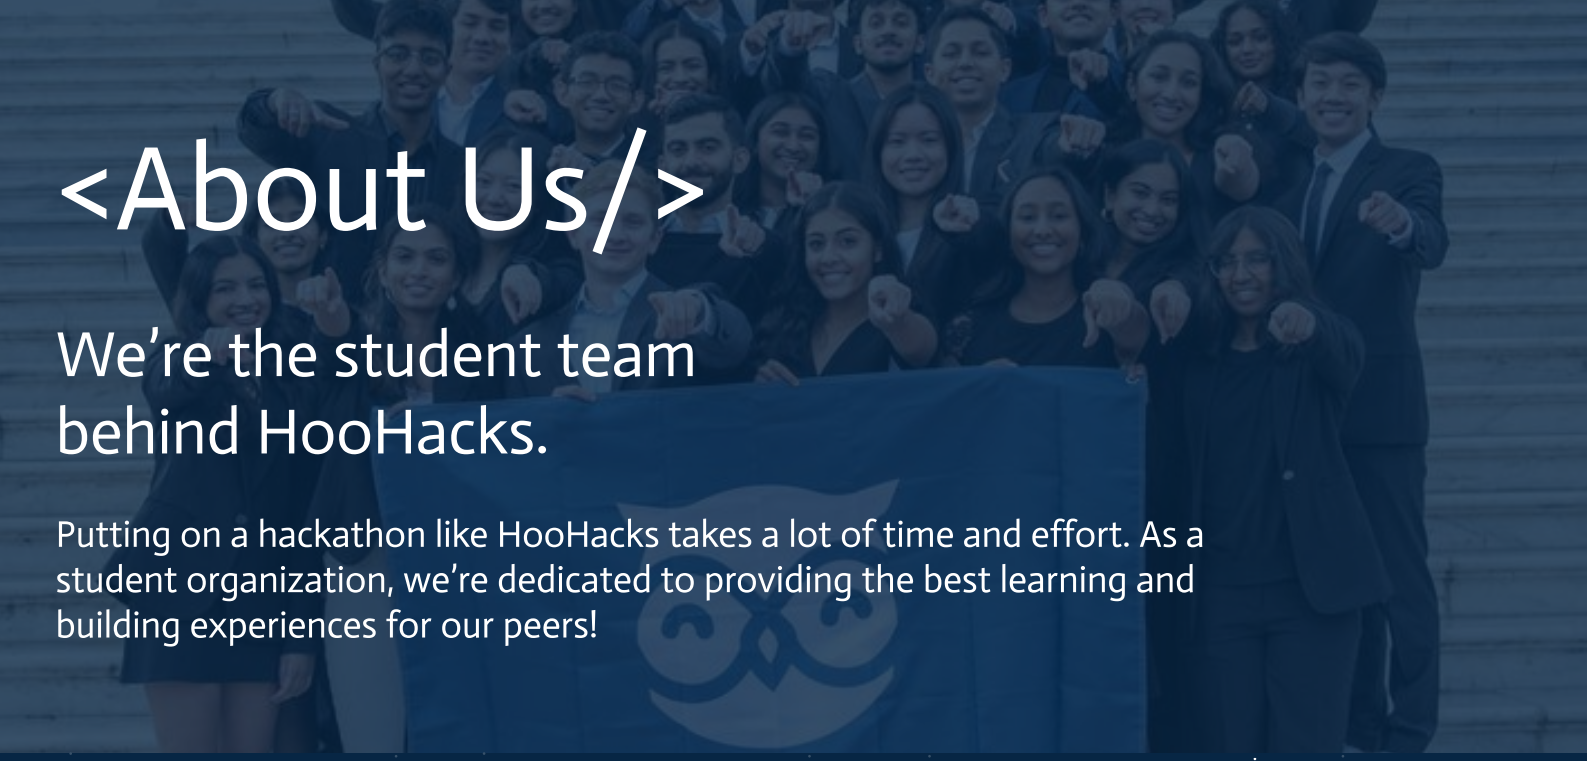

Based on their tier, sponsors will be able to distribute swag, advertise via our platform, participate in our sponsorship fair, have access to the resume book and send mentors and judges to help hackers with their projects.

Tiers and Benefits	$1,000 Bronze	$3,000 Silver	$5,000 Gold	$10,000 Platinum	$15,000 Diamond
Send Mentors and Judges	✓	✓	✓	✓	✓
Logo on Website	Normal	Normal	Normal	Large	Large
Logo on HooHacks T-Shirts		Normal	Normal	Large	Large
Network with Students		✓	✓	✓	✓
Invitation to Sponsorship Fair		✓	✓	✓	✓
Access to Sponsor Lounge		✓	✓	✓	✓
Display and Distribute Merchandise		✓	✓	✓	✓
Access to Resume Book			Post-Hackathon	Early Access	Early Access
Social Media Shoutout			Before	Before, After	Before, During, After
Post-Hackathon Email to Attendees				✓	✓
Email to Newsletter ***				✓	✓
Host a Workshop				✓	✓
Custom Slides on Venue TVs				✓	✓
Sponsor A Prize*				✓	✓
Sponsor a Competitor Track**					✓
Keynote Speech					✓
Coffee Chats					✓
Participant Listserv Access					✓

For any additional benefits not listed in this packet, we also offer customized options for an additional fee to better meet your sponsorship goals:

Benefits	Required Tier to Meet	Cost
Sponsor a Snack	Bronze	$1,000
Sponsor a Meal	Bronze	Starts at $2,000****
Non-Technical Activity	Silver	$1,000
Coffee Chat	Gold	$2,000
Technical Workshop	Gold	$2,500

* Sponsoring a prize and sponsoring a competitor track are two different things. Sponsoring a prize will consist of you providing a prize that you will receive recognition for providing; however you will have no influence in the judging for whom this prize is distributed to.
** If you sponsor a competitor track, you will be in charge of providing the prize for the track along with judging projects during demos. Other judging information will be disseminated at a later time.
*** We distribute a bi-weekly newsletter containing insights from professionals & professors, interesting tech articles, and student hackathon projects among other things. Our newsletter has over 3500 subscribers (many more to come) with a ~70% engagement rate and an 11% click-through rate (way above industry average).
**** Sponsoring a meal cost varies depending on the meal chosen (breakfast, lunch, or dinner) as food costs will not stay consistent meal to meal for the numerous participants we have.

<About Us/>

We're the student team behind HooHacks.

Putting on a hackathon like HooHacks takes a lot of time and effort. As a student organization, we're dedicated to providing the best learning and building experiences for our peers!

Our Mission

Learning. Providing students of all experience levels with meaningful learning opportunities

Inclusivity. Advocate for inclusivity in the hacker community

Fun. Make hacking fun & enjoyable

Ethical. Promote and follow ethical practices

Thanks for your interest!

We can't wait to have you at our hackathon! Contact us at team@hoohacks.io for all sponsorship inquiries.
